Here's just some of our reviews...

Following criminal damage to our window, I called Walton Glass after looking for a reputable firm, and they were at our premises within 10 minutes and dealt with immediately. They were brilliant and efficient, extremely friendly with excellent service. They cleaned up & were extremely helpful. Great staff, thanks.

DARREN SIMPSON, LIVERPOOL

I went in for new glass panels and the staff at Walton Glass where excellent. Even when I mis-measured my glass doors they where very helpful and courteous and helped me. I will definitely recommend this company again. x

JENNIFER MULLIGAN, BOOTLE

Just a quick note to say a big thanks to all the guys at Walton Glass. It's unusual these days when everything goes to plan, but it did from start to finish. They turned up on time to measure up, they quoted same day and arrived at the exactly the time they advised to do the work. It's not often you feel confident recommending a firm, but I wouldn't hesitate recommending Walton Glass - simply brilliant!
